al. **Delete claims 43-49.**

REASONS FOR ALLOWANCE

5. The following is an Examiner's Statement of Reasons for Allowance:

The prior arts of record do not teach or suggest, alone or in combination, **all** the limitations and the combination of elements and their functions of the claims of the current invention (independent claims 1, 10, 26, 42, 57, 66, 82 and 98).

All the independent claims are directed to the same subject matters, the discussion of the reasons for allowance shall be directed to claim 1; however the reasons for allowance will also apply to claims 10, 26, 42, 57, 66, 82 and 98. The prior arts of record do not particularly disclose an apparatus and method for comparing a first unit of data stored in a first storage system and a second unit of data stored in a second storage system in such a way that a first digest that is generated which represents the first unit of data; deriving a first encoded value using the first digest and a predetermined value; generating a second digest that represents the second unit of data; deriving a second encoded value using the second digest

and the predetermined value, and determining whether the first unit of data and the second unit of data are duplicates of one another by comparing the first encoded value and the second encoded value. In light of the foregoing, claims 1, 10, 26, 42, 57, 66, 82 and 98 of the present application are found to be patentable over the prior arts.

Claims 2-9, 11-25, 27-41, 58-65, 67-78 and 83-97 further limit the allowable independent claims. These claims are therefore allowable for the same reason as set forth above.

Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
